

# PORTABLE GLASS BREAKER BY DENS-A-CAN

DENS-A-CAN Portable Glass Breaker with optional remote stop

## **DENS-A-CAN Portable Glass Breaker,**

**Model GB-1**, Utilizes rotating steel drum and breaker plate for its crushing system. This enables it to produce a more uniform cullet size - meeting recycling industry standards. The breaker plate is adjustable to vary the glass cullet size. Capacity is 3 to 4 tons per hour.

### **IT'S EASY TO OPERATE:**

- Plug in
- Switch "On"
- Load hopper
- Conveyor automatically feeds crusher
- Cullet is discharged

### **BUILT IN ADVANTAGES INCLUDE:**

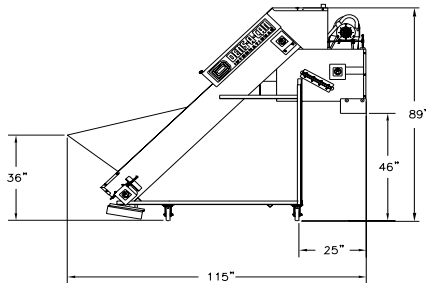

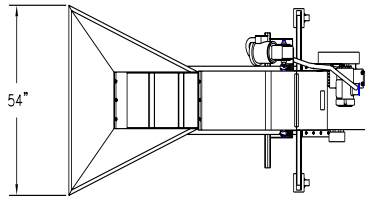

- Rotating drum against adjustable/replacable breaker plate produces uniform cullet.
- Self cleaning tail pulley
- Removable tray to catch glass
- Top 2.5 feet of conveyor is enclosed and equipped with a Safety Flap
- Mounted on steel casters for easy mobility
- Underside of the conveyor is enclosed.

Special features, options, dimensions, and other specifications are detailed on the reverse side
